AT&T Launches Ultra-Fast Internet Speeds in Douglasville, Grayson, McDonough and Peachtree Corners

Speeds up to 1 Gigabit per Second Available on the AT&T GigaPower Network

ATLANTA, May 10, 2016 — AT&T¹ launched ultra-fast Internet service in parts of Douglasville, Grayson, McDonough, Peachtree Corners and surrounding communities.² Customers in area homes, apartments and small businesses will be able to get speeds up to 1 gigabit per second (Gbps).³

Ultra-fast Internet over the [AT&T GigaPower](#) network is currently available at over 70 apartment complexes in the Atlanta area.

Launch of the AT&T GigaPower network in these areas is in addition to the Atlanta-area cities where AT&T had previously made the Internet service available: parts of Alpharetta, Athens, Atlanta, Brookhaven, Buford, Cartersville, Covington, Decatur, Duluth, Dunwoody, East Point, Johns Creek, Jonesboro, Lawrenceville, Milton, Newnan, Norcross, Rome, Roswell, Sandy Springs, Smyrna, Sugar Hill, Suwanee, Woodstock and surrounding communities.

Internet speeds up to 1Gbps over our 100% fiber AT&T GigaPower network are blazing fast.

- Instantly access the latest online movies, music and games.
- Connect faster to the cloud, videoconferencing and more.
- Download 25 songs in 1 second, a TV show in 3 seconds or your favorite HD movie in less than 36 seconds.⁴

“As a result of these cities’ pro-investment policies, AT&T is proud to bring blazing fast Internet to these communities,” said AT&T Georgia President Bill Leahy. “Because of their strong leadership, the residents in these communities will be poised for continued growth, allowing them to better compete in a global economy.”

AT&T GigaPower

AT&T GigaPower offers Internet speeds up to 1Gbps for as low as \$70 a month.⁵

AT&T GigaPower customers gain access to the latest Wi-Fi technology. They can enjoy our best in-home Wi-Fi experience, faster Wi-Fi speeds, expanded coverage and support for all of their devices.

Customers can also choose between our [award-winning DIRECTV](#) or U-verse TV services. We have single, double and triple play offers to fit each customer's needs.

The service is available to over 1.6 million locations across 21 of the nation's largest metro areas. We have plans to expand our ultra-fast Internet service in parts of 35 more areas – at least 56 metros in total.

Ultimately, we plan to reach more than 14 million residential and commercial locations with fiber.

AT&T has invested in Georgia communications networks, people and local communities for 136 years. Between 2012 through 2014, AT&T invested more than \$5.4 billion in its best-in-class wireless and wired networks in Georgia. This drives upgrades to reliability, coverage, speed and performance for residents and business customers. AT&T employs about 21,000 people across the state.

For more information on AT&T GigaPower, or to check availability, please visit att.com/gigapower.

¹ AT&T products and services are provided or offered by subsidiaries and affiliates of AT&T Inc. under the AT&T brand name and not by AT&T Inc.

² Initial availability limited to select areas. May not be available in your area. Go to att.com/gigapower to see if you qualify.

³ Internet speed claims represent maximum network service capability speeds. Actual customer speeds may vary and are not guaranteed. Actual speeds vary based on factors including site traffic, content provider server capacity, internal network management factors, device capabilities and use of other U-verse services. For more information, go to: www.att.com/speed101.

⁴ Speed/Time examples are estimates.

⁵ AT&T GigaPower Premier offer is available with agreement from customer to participate in AT&T Internet Preferences. AT&T may use Web browsing information, like the search terms entered and the Web pages visited, to provide customers with relevant offers and ads tailored to their interests. Taxes, additional fees and restrictions may apply. Pricing subject to change. Different offers and prices may apply for small businesses.

About AT&T
