

## News Release

### **Oak Park is the Latest to get Ultra-Fast AT&T GigaPower Internet as the Service Spreads Quickly Across Chicagoland in First 14 Months**

#### *AT&T GigaPower Now Reaches Customers in over 25 Communities across 8 Counties in the Chicago Metro Area*

CHICAGO, June 14, 2016 — AT&T<sup>1</sup> is expanding the 100% fiber AT&T GigaPower internet network to suburban Oak Park. Residents and small businesses can enjoy increased internet speeds. The service continues to rapidly reach more than 25 Chicago-area communities in several counties since arriving just over a year ago.

“The first year results of this robust expansion of our ultra-fast internet service in the Chicago metro area has surpassed expectations,” said Paul La Schiazza, president, AT&T Illinois. “This investment in some of the fastest internet speeds available is making a big difference in the lives of many Chicagoans. It offers residential customers the high-speed connectivity they’re demanding. And it helps small businesses compete in a modern economy.”

Internet speeds up to 1Gbps over our 100% fiber AT&T GigaPower network are blazing fast. It lets you:

- Instantly access the latest online movies, music and games.
- Connect faster to the cloud, videoconferencing and more.
- Download 25 songs in 1 second, a TV show in 3 seconds or your favorite HD movie in less than 36 seconds.<sup>4</sup>

AT&T GigaPower is available today to residents and small businesses in parts of over 25 different communities in 8 northern Illinois counties. These include:

- Cook: Chicago, Des Plaines, Elgin, Norridge, Skokie, Oak Park
- Dupage: Aurora
- Grundy: Channahon
- Kane: Aurora, Elgin, Hampshire, North Aurora, Pingree Grove, South Elgin
- Kendall: Oswego, Plano, Yorkville
- Lake: Mundelein, Volo
- McHenry: Crystal Lake, Huntley, McHenry
- Will: Aurora, Bolingbrook, Channahon, Joliet, Manhattan

We plan to expand our 100% fiber AT&T GigaPower network in parts of Lincolnwood, River Forest and more areas later this year.

More than 15 apartment complexes in the Chicago metro area have access to AT&T GigaPower, with [Wolf Point West](#) most recently added.

### Chicago metro expansion:

- **April 20, 2015:** Announced first AT&T GigaPower rollout in parts of 5 suburbs (Elgin, Oswego, Plainfield, Skokie and Yorkville).
- **June 25, 2015:** Announced the launch of GigaPower in parts of Chicago for residents and small business.
- **July 2015 to present:** Expands in parts of an additional 20 suburbs in counties across northern Illinois.

### AT&T GigaPower

AT&T GigaPower offers Internet speeds up to 1Gbps for as low as \$90 a month.<sup>5</sup>

Customers on the AT&T GigaPower network can access any of the high-speed Internet tiers ranging from 3Mbps all the way up to 1Gbps.

AT&T GigaPower customers have access to the latest Wi-Fi technology. They can enjoy our best in-home Wi-Fi experience, faster Wi-Fi speeds, expanded coverage and support for all of their devices.

Customers may be able to choose between our [award-winning](#) DIRECTV or U-verse TV services. We have choices to fit each customer's needs.

The AT&T GigaPower network is currently available in over 1.6 million locations across 25 of the nation's largest metro areas. We have plans to expand the availability of ultra-fast internet speeds up to 1Gbps in parts of 31 more areas. This comes to a total of at least 56 metros.

We plan to reach more than 14 million residential and commercial locations with fiber.

Additionally, our AT&T Business Fiber internet service is already available to small businesses in parts of more than 180 U.S. cities, making it possible to download and upload at speeds up to 300 megabits per second.<sup>7</sup> Certain markets, such as Chicago, now have speeds up to 1 gigabit per second available over AT&T Business Fiber. We plan to expand to additional markets this summer. It supports business applications, such as video conferencing, working in the cloud and disaster recovery.
