

News Release

100% Fiber Network Powered by AT&T Fiber Now Available in Jackson Area

Ultra-Fast Internet Speeds Available to Homes, Apartments and Small Business Locations in Parts of Jackson Area

JACKSON, Miss., Feb. 15, 2017 —AT&T¹ is now offering a 1 gigabit connection² on our 100% fiber network powered by AT&T FiberSM to customer locations in parts of the Jackson area, including in parts of Brandon, Flowood, Madison, Byram, Ridgeland, Jackson and surrounding communities.³

We plan to expand access to our ultra-fast internet speeds in parts of Clinton in the future.

The Jackson area is one of 51 metros nationwide where our ultra-fast internet service is currently available. We plan to reach at least 67 metros with our fastest internet service.

We market our ultra-fast service to nearly 4 million locations nationwide, of which over 650,000 include apartments and condo units. We plan to reach at least 12.5 million locations by mid-2019.

“AT&T is committed to extending access to ultra-fast internet as our customers increasingly interact with their world in more data-intensive ways,” said Mayo Flynt, president of AT&T Mississippi. “A growing number of people stream content directly from their devices and communicate with family and friends through live videos. AT&T provides cutting-edge technologies, and we are excited to begin offering our fastest internet speeds in the Jackson metro.”

“I appreciate AT&T’s investment in the city of Jackson, said State Senator David Blount. “Access to high-speed internet service is a key part in making our capital city a great place to do business.”

“AT&T’s continuing infrastructure investment and commitment to enhance access to ultra-fast fiber internet offer our residents and businesses additional resources to thrive in today’s digital society,” said State Representative Kathy Sykes.

“The strength of our state’s economy relies on innovation and investment, and it is exciting to have AT&T already fulfilling their commitment to expand ultra-fast internet to the Jackson metro,” said Duane O’Neill, President and CEO of the Greater Jackson Chamber Partnership. “Advanced technology enriches the quality of life for area residents and business owners. I applaud AT&T’s continuing investment in Mississippi.”

Internet-only pricing for customers who choose AT&T Internet 1000, our fastest speed tier on our 100% fiber network, starts as low as \$80 a month with a 12 month commitment.⁴ Customers may be able to add one of our [award-winning DIRECTV](#) or U-verse TV services. We have single, double and triple play offers to fit each customer's needs.

Internet customers on the 100% fiber network have access to the latest Wi-Fi technology. They can enjoy our best in-home experience with faster Wi-Fi speeds and broad coverage to seamlessly connect all their devices.

What can I do with ultra-fast internet service?

These internet speeds are 20x faster than the average cable customer.⁵ You can download 25 songs in 1 second or your favorite 90-minute HD movie in less than 34 seconds.⁶ Customers can enjoy our fastest upload and download speeds.

You can also instantly access and stream the latest online movies, music and games. These ultra-fast speeds let you seamlessly telecommute, video-conference, upload and download photos and videos, and connect faster to the cloud.

Frost & Sullivan recently recognized AT&T for its leadership in high-speed internet services. It awarded AT&T the 2016 Company of the Year Award for Broadband Access. The analyst firm praised AT&T for "rapidly evolving into a new form of telecommunications company; one that is based on the delivery of broadband access, both fixed and mobile, as well as services that ride that access."

AT&T in Mississippi:

AT&T has invested more than \$875 million in its wireless and wireline networks in Mississippi between 2013 through 2015. This drives upgrades to reliability, coverage, speed and performance for residents and business customers.

¹ AT&T products and services are provided or offered by subsidiaries and affiliates of AT&T Inc. under the AT&T brand name and not by AT&T Inc.

² Actual customer speeds may vary. Download speeds are typically up to 940Mbps due to overhead capacity reserved to deliver the data

³ Initial availability limited to select areas. May not be available in your area. Go to att.com/fibermap to see if you qualify.

⁴ After 12 months, price moves to standard rate of \$119/mo.

⁵ Available in select areas. 20x faster based on maximum download speed of AT&T Internet 1000 vs weighted average cable internet customers' speed of major U.S. cable providers per the FCC 2015 Measuring Broadband America – Fixed Broadband Report. Actual speeds vary.

⁶ Speed/Time examples are estimates.
