

## News Release

### **100% Fiber Network Powered by AT&T Fiber Now Available in Knoxville Area**

*Ultra-Fast Internet Speeds Available to Homes, Apartments and Small Business  
Locations in Parts of Knoxville Area*

KNOXVILLE, TN., Feb. 14, 2017 — AT&T<sup>1</sup> is now offering a 1 gigabit connection<sup>2</sup> on our 100% fiber network powered by AT&T Fiber<sup>SM</sup> to customer locations in parts of the Knoxville area.<sup>3</sup>

In addition to the homes and small businesses connected to our 100% fiber network in the Knoxville area, we also offer an ultra-fast connection to residents at nearly 30 area apartment and condo properties.

The Knoxville area is one of 49 metros nationwide where our ultra-fast internet service is currently available. We plan to reach at least 67 metros with our fastest internet service.

We market our ultra-fast service to nearly 4 million locations nationwide, of which over 650,000 include apartments and condo units. We plan to reach at least 12.5 million locations by mid-2019.

“The announcement that AT&T's ultra-fast 100% fiber internet is available in Knoxville is exactly the type of investment that will keep our region at the forefront as we work to drive economic development and job creation,” said Jim Biggs, executive director, Knoxville Entrepreneur Center.

“Knoxville businesses have had access to 100% fiber networks for some time, and the expansion of these services to provide high-speed internet in residential areas is a game changer for our families and small businesses,” said Lt. Governor Randy McNally.

“This is another exciting example of private industry responding to consumer demand,” said Rep. Eddie Smith. “Residents and businesses alike will benefit from the high-speed connections powered by AT&T Fiber that are available through this all fiber-optic network.”

“AT&T is committed to extending access to ultra-fast internet in the Knoxville area because our customers are increasingly interacting with their world in more data-intensive ways,” said Alan Hill, regional director, external affairs, AT&T Tennessee. “A growing number of people are streaming content directly from their devices, and interacting with family and friends through live videos. For these reasons, we are proud to now offer our fastest internet speeds in Knoxville and its surrounding communities.”

Internet-only pricing for customers who choose AT&T Internet 1000, our fastest speed tier on our 100% fiber network, starts as low as \$80 a month with a 12 month commitment.<sup>4</sup> Customers may be able to add one of our [award-winning DIRECTV](#) or U-verse TV services. We have single, double and triple play offers to fit each customer's needs.

Internet customers on the 100% fiber network have access to the latest Wi-Fi technology. They can enjoy our best in-home experience with faster Wi-Fi speeds and broad coverage to seamlessly connect all their devices.

### **What can I do with ultra-fast internet service?**

These internet speeds are 20x faster than the average cable customer.<sup>5</sup> You can download 25 songs in 1 second or your favorite 90-minute HD movie in less than 34 seconds.<sup>6</sup> Customers can enjoy our fastest upload and download speeds. You can also instantly access and stream the latest online movies, music and games. These ultra-fast speeds let you seamlessly telecommute, video-conference, upload and download photos and videos, and connect faster to the cloud.

Frost & Sullivan recently recognized AT&T for its leadership in high-speed internet services. It awarded AT&T the 2016 Company of the Year Award for Broadband Access. The analyst firm praised AT&T for "rapidly evolving into a new form of a telecommunications company; one that is based on the delivery of broadband access, both fixed and mobile, as well as services that ride that access."

### **AT&T in Knoxville:**

AT&T has invested more than \$110 million in its wireless and wireline networks in the Knoxville area between 2013 through 2015. This drives upgrades to reliability, coverage, speed and performance for residents and business customers.

<sup>1</sup> AT&T products and services are provided or offered by subsidiaries and affiliates of AT&T Inc. under the AT&T brand name and not by AT&T Inc.

<sup>2</sup> Actual customer speeds may vary. Download speeds are typically up to 940Mbps due to overhead capacity reserved to deliver the data

<sup>3</sup> Initial availability limited to select areas. May not be available in your area. Go to [att.com/fibermap](http://att.com/fibermap) to see if you qualify.

<sup>4</sup> After 12 months, price moves to standard rate of \$119/mo.

<sup>5</sup> Available in select areas. 20x faster based on maximum download speed of AT&T Internet 1000 vs weighted average cable internet customers' speed of major U.S. cable providers per the FCC 2015 Measuring Broadband America – Fixed Broadband Report. Actual speeds vary.

<sup>6</sup> Speed/Time examples are estimates.
