

## AT&T Accepts the Final Rose for Key GWS Categories

*In the Most Dramatic Season Yet, AT&T Wins Most Reliable 5G Network and Highest 5G Availability*

DALLAS, July 20, 2021

**What's the news?** The results are in and one thing is for sure: customers on AT&T 5G have an *\*amazing\** connection. According to the latest 5G findings from Global Wireless Solutions (GWS), [AT&T\\*](#) was awarded the top spot in key categories, including 5G network reliability and availability.<sup>1</sup> And the 5G feeling is real. GWS conducted 8 million controlled tests on 5G network performance across all 50 states to get results.

**The one you can rely on.** As the most reliable 5G network, AT&T is who you can count on. You shouldn't have to worry about being rudely interrupted during browsing sessions or an app breaking up with you for no reason. AT&T 5G is designed to ensure you can scroll, stream and browse with near flawless reliability and a success rate of 99.5%. From day one, we've built AT&T 5G to be fast, reliable and secure. Our priority is YOU – our customers – and our teams' dedication has solidified AT&T as the 5G provider you can depend on -- and the GWS win proves it.

**We're super available.** Your search for 5G is over when it comes to AT&T. The GWS report named AT&T the leader in 5G availability – and the data is clear. The study found devices connected to AT&T 5G over 20% more in the top 10 markets compared to 5G on other carriers. AT&T 5G offers nationwide coverage, reaching more than [250 million people](#) across the country. But we're not done. Our 5G network growth is ahead of schedule this year and continues to expand.<sup>2</sup>

**Here for the right reasons.** With AT&T, you get the full package. AT&T 5G is fast, reliable, secure and here to connect you to everything you love. It's part of our commitment to un-complicate the wireless industry – because picking a 5G provider shouldn't be the hardest decision you've ever had to make. At AT&T, loving 5G is easy.
