When Disaster Strikes
AT&T NETWORK DISASTER RECOVERY (NDR)

Our commitment to the communities we serve doesn’t stop when a natural or man-made disaster occurs. The mission of the AT&T NDR team is to quickly restore AT&T connectivity to areas affected by disaster.

The Numbers:

- $1B investment since 1992
- 750+ AT&T assets across the country
- 450+ portable cell sites
- 65+ re-fueling tanker trailers
- 200+ portable satellite communications cubes
- 40+ Flying COWs® (Cell on Wings)
- 8 amphibious vehicles/watercraft
- 11K+ recovery team members
- 400+ recovery generators
- 2K+ pieces of supporting equipment

The Assets:

1. SatCOLT (Satellite Cellular on Light Truck)
   - A mobile cell site vehicle that connects to the network via satellite and does not rely on commercial power.

2. Technology Recovery Trailer
   - Contains the same type of telecommunications equipment found in a brick-and-mortar network office.

3. Power Distribution Trailer
   - Acts as a sub-station for the recovery site—distributing commercial or generated power to the recovery and support trailers on a recovery site.

4. Hazardous Material Response
   - Houses protective hazmat suits, hazardous material testers and other critical equipment.

5. 600 kW Generator
   - Houses protective hazmat suits, hazardous material meters and breathing apparatuses.

6. ECV (Emergency Communication Vehicle)
   - Provides satellite-based wireless and Wi-Fi connectivity from this climate-controlled command workspace with a built-in power generator.

7. Mobile Command Center
   - Provides a central command location for the recovery site and connectivity to AT&T Global Technology Operations Center.

8. Hardware and Machine Shop
   - Carries the hardware and tools for the team to be self-sufficient in disaster-impacted areas.

9. Security/Medical Trailer
   - Controls access to the recovery site.

10. NDR Landing Craft
    - A 45’ vessel designed to transport up to 200 people and large equipment to impacted areas.

With guidance by FirstNet® ROG, the AT&T NDR team also sets up public safety’s dedicated fleet of 180+ land-based and airborne assets.

The Result:
Rapid restoration of communications for consumers and businesses, and public safety on FirstNet, in the affected areas.
