

AT&T Invests More Than \$2.7 Billion Over Three-Year Period to Enhance Local Networks in Dallas-Fort Worth-Arlington Area

DALLAS, TX., May 9, 2016 — At AT&T¹, we've invested more than \$2.7 billion in our Dallas-Fort Worth-Arlington wireless and wired networks during 2013 -2015. These investments drive upgrades to enhance reliability, coverage, speed and overall performance for residents and businesses. They also enhance critical services that support public safety and first responders.

In 2015, AT&T made 269 wireless network upgrades in the Dallas-Fort Worth-Arlington area. We added 27 new cell sites and 239 additions of network capacity.

"We're committed to providing our customers fast, reliable, highly secure connectivity. We want them to be able to access the Internet at any moment, from almost any device and from anywhere," said Dave Nichols, President - AT&T Texas. "Our continued investment in Dallas-Fort Worth-Arlington brings a host of new, innovative opportunities for residents and businesses."

"For Dallas, Fort Worth, and Arlington to continue to thrive and serve its residents, it is imperative to have companies that contribute to our community through thoughtful innovation," said Texas State Representative Helen Giddings.

"AT&T's ongoing investments in its fast, reliable network will allow our residents and businesses to have the tools to compete and grow."

The AT&T LTE network covers 365 million people in North America. In 2015, we made these Dallas-Fort Worth-Arlington network enhancements:

- Expanding LTE to Town East Mall DAS in Mesquite
- Additional capacity at DFW International Airport DAS, Dallas Love Field Airport DAS, at Globe Life Ballpark in Arlington, at the American Airlines Center in Dallas, at the Cotton Bowl Stadium in Fair Park, Dallas, and at Toyota Stadium in Frisco
- Upgrades to the existing DAS at AT&T Stadium in Arlington
- New Distributed Antenna System (DAS) at the Dallas Plano Marriott at Legacy Town Center in Plano.

In 2016, for the second year in a row, FORTUNE magazine recognized AT&T as the Most Admired Telecommunications Company in the world. We also placed #48 among the Top 50 World's Most Admired companies in the world. This is our third year in a row on the Top 50 list – AT&T is the only communications company on the list. The company ranked #1 in all 9

attributes. This includes innovation, financial soundness and quality of products/services. FORTUNE's Most Admired Companies lists are among the most highly respected indicators of corporate performance and reputation.

We offer Internet customers a great combination of speed and price. AT&T high-speed Internet² customers have access to our entire national AT&T Wi-Fi Hot Spot Network at no additional charge³. We also offer our award-winning DIRECTV® service to eligible locations. Customers may be eligible for AT&T U-verse TV service, a 100% digital service available over our advanced network. In 2015, Woman's Choice Awards® named AT&T U-verse "America's Most Recommended Brand among women for Broadband, Television and Phone Service."

AT&T GigaPower offers our fastest Internet speeds, up to 1Gbps⁴ over a 100% fiber network to more than 1.5 million locations across 20 major metro areas. We've announced plans to expand the availability of Internet speeds up to 1Gbps to homes, apartments and small businesses in parts of 36 additional cities across the U.S. – which will total at least 56 metros served.

We plan to continue to roll out our fastest Internet services over a 100% fiber network to reach more than 14 million additional residential and commercial locations.

We have big plans for 2016. We'll be giving you the ability to access and stream [DIRECTV](#) video services over a wired or wireless Internet connection from any provider and from virtually any device – smartphone, tablet, Smart TV, streaming media hardware or PC. We plan for each service to come with a set number of simultaneous sessions. These services will not require annual contracts, satellite dishes or set-top boxes.

We have an extensive Wi-Fi network with more than 40,000 AT&T Wi-Fi Hot Spots at popular restaurants, hotels, bookstores and retailers. And we provide access to Wi-Fi at more than 1 million locations around the world. Most AT&T smartphone customers and home Internet customers get access to our entire national Wi-Fi network at no additional cost. Wi-Fi usage doesn't count towards customers' monthly wireless data plans⁵.
