AT&T Invests Nearly \$175 Million Over 3-Year Period to Enhance Local Networks in the Minneapolis-St. Paul Area

Minneapolis, May 25, 2016 — At [AT&T](#)¹, we've invested nearly \$175 million in our Minneapolis-St. Paul area wireless and wired networks during 2013-2015. These investments drive upgrades to enhance reliability, coverage, speed and overall performance for residents and businesses. They also enhance critical services that support public safety and first responders.

In 2015, AT&T made 267 wireless network upgrades in the Minneapolis-St. Paul metropolitan area. This includes new cell sites, the addition of network capacity and network upgrades.

"We're committed to providing our customers fast, reliable, highly secure connectivity. We want them to be able to access the Internet at any moment, from almost any device and from anywhere," said Paul Weirtz, president of AT&T Minnesota. "Our continued investment in the Minneapolis-St. Paul metropolitan area brings a host of new, innovative opportunities for residents and businesses."

In 2016, for the second year in a row, FORTUNE magazine recognized AT&T as the Most Admired Telecommunications Company in the world. We also placed #48 among the Top 50 World's Most Admired companies in the world. This is our third year in a row on the Top 50 list – AT&T is the only communications company on the list. The company ranked #1 in all 9 attributes. This includes innovation, financial soundness and quality of products/services. FORTUNE's Most Admired Companies lists are among the most highly respected indicators of corporate performance and reputation.

We plan to continue to roll out our fastest Internet services over a 100% fiber network to reach more than 14 million additional residential and commercial locations.

We have big plans for 2016. We'll be giving you the ability to access and stream [DIRECTV](#) video services over a wired or wireless Internet connection from any provider and from virtually any device – smartphone, tablet, Smart TV, streaming media hardware or PC. We plan for each service to come with a set number of simultaneous sessions. These services will not require annual contracts, satellite dishes or set-top boxes.

We have an extensive Wi-Fi network with more than 40,000 AT&T Wi-Fi Hot Spots at popular restaurants, hotels, bookstores and retailers. And we provide access to Wi-Fi at more 1 million locations around the world. Most AT&T smartphone customers and home

Internet customers get access to our entire national Wi-Fi network at no additional cost. Wi-Fi usage doesn't count towards customers' monthly wireless data plans².
