

## ***AT&T Ranked Among Top Companies for Corporate Sustainability Leadership***

*AT&T makes CDP's A list; qualifies as a constituent of the S&P Dow Jones Sustainability Index*

DALLAS, Dec. 20, 2022

**What's the news?** AT&T\* has been recognized by top ESG ratings [CDP](#) and the [Dow Jones Sustainability Index \(DJSI\)](#) for leadership in corporate sustainability. The company uses these external rankings as a tool to assess, benchmark and disclose performance on critical environmental, social and governance issues.

“We are proud and motivated to be recognized by CDP and S&P Dow Jones Indices,” said Charlene Lake, chief sustainability officer and SVP-Corporate Social Responsibility, ESG at AT&T. “These rankings are an important part of our transparency and commitment to stakeholders. We are working hard toward achieving net zero emissions, eliminating 1 billion metric tons of greenhouse gas emissions for our business customers and a suite of other ESG goals. These scores indicate that we’re on the right path.”

**Why is this important?** CDP, widely recognized as the gold standard of corporate environmental transparency, placed AT&T on its annual A list. This score is based on a detailed, independent [methodology](#) that assesses the comprehensiveness of disclosure, management of environmental risks and demonstration of best practices. It places AT&T among the 283 companies leading the way to cut emissions and mitigate climate risk out of nearly 15,000 companies rated. In previous years, AT&T has scored an A- on CDP. This upgrade in 2022 reflects the company’s continuous improvement and ongoing dedication to minimizing its environmental footprint and meeting the challenges of climate change.

AT&T was also named to the DJSI North America Index for the sixth consecutive year. Launched in 1999 as the first global sustainability benchmark, DJSI’s [Corporate Sustainability Assessment \(CSA\)](#) is a rigorous evaluation of long-term environmental, social and economic criteria. This year, more than 10,000 publicly traded companies were invited to participate in the CSA. Only companies that lead their industry based on this annual assessment are selected for inclusion on the DJSI.

### **\*About AT&T**

We help more than 100 million U.S. families, friends and neighbors, plus nearly 2.5 million businesses, connect to greater possibility. From the first phone call 140+ years ago to our 5G wireless and multi-gig internet offerings today, we @ATT innovate to improve lives. For more information about AT&T Inc. (NYSE:T), please visit us at [about.att.com](https://about.att.com). Investors can learn more at [investors.att.com](https://investors.att.com).

### ***About CDP***

CDP is a global non-profit that runs the world's environmental disclosure system for companies, cities, states and regions. Founded in 2000 and working with more than 680 financial institutions with over \$130 trillion in assets, CDP pioneered using capital markets and corporate procurement to motivate companies to disclose their environmental impacts, and to reduce greenhouse gas emissions, safeguard water resources and protect forests. Nearly 20,000 organizations around the world disclosed data through CDP in 2022, including more than 18,700 companies worth half of global market capitalization, and over 1,100 cities, states and regions. Fully TCFD aligned, CDP holds the largest environmental database in the world, and CDP scores are widely used to drive investment and procurement decisions towards a zero carbon, sustainable and resilient economy. CDP is a founding member of the Science Based Targets initiative, We Mean Business Coalition, The Investor Agenda and the Net Zero Asset Managers initiative. Visit [cdp.net](https://cdp.net) or follow us @CDP to find out more.

### ***About S&P Dow Jones Sustainability Indices***

S&P Dow Jones Indices is the largest global resource for essential index-based concepts, data and research, and home to iconic financial market indicators, such as the S&P 500® and the Dow Jones Industrial Average®. More assets are invested in products based on our indices than products based on indices from any other provider in the world. Since Charles Dow invented the first index in 1884, S&P DJI has been innovating and developing indices across the spectrum of asset classes helping to define the way investors measure and trade the markets. S&P Dow Jones Indices is a division of S&P Global (NYSE: SPGI), which provides essential intelligence for individuals, companies, and governments to make decisions with confidence.
