DALLAS, Sept. 7, 2022

AT&T\* will offer the most advanced iPhone lineup ever with [iPhone 14](#), [iPhone 14 Plus](#), [iPhone 14 Pro](#) and [iPhone 14 Pro Max](#), all with a durable and sophisticated design, superfast 5G, impressive camera upgrades, and vital new safety capabilities; Apple Watch Series 8 and new Apple Watch SE, with groundbreaking technology and performance; Apple Watch Ultra with a new bold design and a wide range of features built for endurance, exploration, and adventure; and the second generation of AirPods Pro, the most advanced AirPods yet.

### **iPhone 14 lineup and iPhone 14 Pro**

iPhone 14 and iPhone 14 Plus introduce new technologies and groundbreaking new safety capabilities, featuring two sizes — 6.1 inches and 6.7 inches.<sup>2</sup> The powerful camera system brings impressive upgrades and huge improvements to low-light photos, thanks to the enhanced image pipeline, Photonic Engine. Offering stunning video quality, both models also include a new Action mode for incredibly stable video, and Cinematic mode, now available at 4K at 30fps and 4K at 24fps. New vital safety capabilities — Emergency SOS via satellite and Crash Detection — help connect iPhone users with emergency assistance when they need it most, and with the A15 Bionic chip with 5-core GPU, gorgeous Super Retina XDR display, amazing battery life, industry-leading durability features, and superfast 5G, this lineup is more advanced than ever before. iPhone 14 also activates with eSIM, an easier and more secure alternative to a physical SIM card that allows users to connect or quickly transfer their existing plans digitally. iPhone 14 and iPhone 14 Plus come in five beautiful colors — midnight, blue, starlight, purple, and PRODUCT(RED).<sup>3</sup>

Powered by A16 Bionic, the fastest chip ever in a smartphone, iPhone 14 Pro and iPhone 14 Pro Max introduce intuitive new ways to experience iPhone, a new class of pro camera

system, and groundbreaking new safety capabilities. Featuring the first-ever 48MP Main camera on iPhone, new Ultra Wide camera, Telephoto camera, and new TrueDepth front camera with autofocus, the pro camera system is even more advanced, and with Photonic Engine, represents the biggest camera leap ever. iPhone 14 Pro and iPhone 14 Pro Max also introduce a new interactive way to experience notifications and alerts with Dynamic Island, and the Always-On display. Available in 6.1-inch and 6.7- inch sizes in four gorgeous finishes — deep purple, gold, silver and space black — iPhone 14 Pro and iPhone 14 Pro Max also include superfast 5G, Emergency SOS via satellite and Crash Detection, all while offering all-day battery life. Customers will be able to pre-order all iPhone models on Friday September 9, with iPhone 14, iPhone 14 Pro, and iPhone 14 Pro Max availability on Friday, September 16, and Friday, October 7 for iPhone 14 Plus.

“We’re excited to offer the most advanced iPhone lineup ever with iPhone 14 and iPhone 14 Pro, so our customers have the latest breakthrough innovations and upgrades for the products they love,” said Jeni Bell, senior vice president of wireless product marketing, AT&T. “We’re proud to still be the first and only carrier to offer our customers the best deals for everyone on every iPhone – including the iPhone 14 Pro on us. We believe that everyone, whether you’re switching to AT&T or have been a loyal customer, equally deserves to share in the excitement.”

### **Apple Watch Series 8 and Apple Watch SE**

Apple Watch Series 8 and new Apple Watch SE bring groundbreaking technology and performance, and important safety innovations to the two best-selling smartwatches. Apple Watch Series 8 maintains the current beloved design with a large, Always-On Retina display, 18-hour battery life, and a new Low Power Mode that can extend battery life to reach up to 36 hours<sup>5</sup>, while building on best-in-class health and safety features like the ECG app and Fall Detection by introducing temperature-sensing capabilities, retrospective ovulation estimates<sup>6</sup>, and Crash Detection and international roaming<sup>7</sup>. With international roaming, available later this year, users can stay connected to a cellular network while traveling abroad by adding Apple Watch to their iPhone roaming plan. Apple Watch Series 8 is available in two sizes, 41mm and 45mm, across a range of case finishes and colors including starlight, midnight, silver and PRODUCT(RED).<sup>3</sup>

The new Apple Watch SE delivers the core Apple Watch experience including Activity tracking, high and low heart rate notifications, Emergency SOS and Crash Detection all at a more affordable price. SE features a completely redesigned back case that perfectly matches the three classic case finishes. Apple Watch SE is available in 40mm and 44mm aluminum cases, in midnight, starlight, and silver finishes, and is compatible with all bands. Customers can pre-order Apple Watch Series 8 and Apple Watch SE on Friday, September 9, with availability beginning Friday, September 16 at [att.com](http://att.com).

### **Apple Watch Ultra**

The most rugged and capable Apple Watch yet, Apple Watch Ultra brings a new bold design and wide range of features built for endurance, exploration, and adventure along with three new bands — Trail Loop, Alpine Loop, and Ocean Band — which provide a secure and comfortable fit for every environment. Apple Watch Ultra is an incredible tool for endurance athletes or those who aspire to push beyond their limits, featuring the most accurate GPS of any Apple Watch to date and up to 36 hours of battery life during normal use. With the bigger, brighter display and durable design, Apple Watch Ultra is the perfect technical tool for adventurers and explorers. A new low-power setting is ideal for multi-day experiences, and can extend battery life to reach up to 60 hours.<sup>8</sup> Apple Watch Ultra comes with a 86dB audible siren designed for emergencies should users become lost or injured. To support water sports, including recreational scuba diving to 40 meters with the new Oceanic+ app coming later this fall, Apple Watch Ultra is certified to WR100 and EN13319, an internationally recognized standard for dive accessories, including depth gauges that are relied upon by recreational divers around the world.<sup>9</sup> A new Depth app displays time, current depth, water temperature, duration under water, and max depth reached. [With international roaming, available later this year, users can stay connected to a cellular network while traveling abroad, and, with an international roaming plan, you can add Apple Watch with your iPhone].<sup>7</sup> Customers can pre-order Apple Watch Ultra on Friday, September 9, with availability starting Friday, September 23 at [att.com](https://att.com).

### **AirPods Pro (2nd Generation)**

The second generation of AirPods Pro unlock breakthrough audio performance, including major upgrades to Active Noise Cancellation and Transparency mode, all powered by the new H2 chip. With Personalized Spatial Audio, the AirPods Pro listening experience is even more immersive, and with Touch control, customers can now directly adjust volume with a quick swipe up or down on the stem. Users can enjoy up to six hours of listening time with Active Noise Cancellation, and up to 30 hours when using the case for additional charges.<sup>10</sup> Customers can order AirPods Pro (2nd generation) online on Friday, September 9, with availability in stores on Friday, September 23.
